30 January 2014

Dear Dr. Scarascia Mugnozza,

IUFRO Scientific Achievement Award 2014

It is our great pleasure to inform you that you have been selected as a recipient of the IUFRO Scientific Achievement Award. We received 25 (twenty-five) nominations from all over the world and it was a difficult decision to select the final 10 (ten) winners due to the very strong field of candidates.

The IUFRO Scientific Achievement Award is given in recognition of your distinguished scientific achievements within the fields of forestry research covered by the Union. We hope that this award will encourage you to higher achievements and to make further contributions to forestry research in general and IUFRO in particular.

The Award consists of a medallion, certificate and the most economical cost of air travel to attend the XXIV IUFRO World Congress to be held from 5 – 11 October 2014 in Salt Lake City, USA. This prestigious Award will be presented during the Opening Ceremony of the XXIV World Congress scheduled on 6 October 2014. We very much hope that you will be present to receive this award in person and to also actively participate in the congress sessions.

The IUFRO Secretariat will be contacting you for further details concerning your travel arrangements in due course.

Congratulations again and we look forward to meeting you in Salt Lake City!

With best wishes,

Prof. Shirong Liu
Chair, IUFRO Honours and Awards Committee

Prof. Niels Elers Koch
IUFRO President
